**MBCI Chosen Top Pick by *BUILDINGS* Magazine**

(Cedar Rapids, IA) – MBCI announced that *BUILDINGS* Magazine has selected the company’s NuRoof® Retrofit Roofing Systems as a top 2011 Money-Saving Product. The winning product is part of a special feature in the magazine’s June 2011 issue.

Finalists were based on the money-saving qualities offered to building owners and facility managers in areas such as energy consumption, water savings, lighting, productivity, maintenance, and more. After reviewing over 125 submissions, editorial staff selected an elite group of 67 products.

“MBCI was chosen as a top Money-Saving Product because it provides an economical solution that offers significant cost savings to building management,” says Chris Olson, chief content director, *BUILDINGS*.

**About *BUILDINGS***

*BUILDINGS* is a publication that serves over 73,000 building owners and professional facilities managers in North America. The monthly publication helps readers make smarter decisions relevant to the management, modernization, and operation of their facilities.
