The NuWall® wall panel can be used for either new or retrofit construction. This concealed fastened system creates a clean, uninterrupted wall on a building.

**Features and Benefits:**
- The NuWall® system is based on a 12-inch module. This means that when using NuWall® over existing metal panels, the existing panel ribs must be 6 inches or 12 inches on center.

**Product Specifications**
- **Applications:** Wall
- **Coverage Widths:** 12"
- **Panel Attachment:** Concealed Fastening System
- **Gauges:** 24 (standard); 22 (optional)
- **Finishes:** Smooth (standard); Embossed (optional)
- **Coatings:** Galvalume Plus®, Signature® 200, Signature® 300, Signature® 300 Metallic
