The Retro-R® Panel is an excellent choice for retrofit construction, and can be applied directly over an existing PBR or R panel to give your building a new look and longer life. This exposed-fastened system has a membrane on the back side to prevent rust from the old roof and from transferring to the Retro-R® panel.

Product Specifications

- **Applications:** Roof and Wall
- **Coverage Widths:** 36"
- **Rib Spacing:** 12" on center
- **Rib Height:** 1 1/6"
- **Minimum Slope:** ½:12
- **Panel Attachment:** Exposed Fastening System
- **Gauges:** 29 (standard); 26
- **Finishes:** Smooth (standard);
- **Coatings:** Galvalume Plus®, Signature® 200
